

GDPR Compliance & Data Security Measures Report - 2025

REFAI GROUP UK

March 2025

1. Executive Summary

This report outlines REFAI GROUP UK's adherence to the General Data Protection Regulation (GDPR) and the measures implemented to ensure data security. The report covers key aspects of data protection, risk assessment, and security compliance for the year 2025.

2. GDPR Compliance Overview

REFAI GROUP UK is committed to full compliance with GDPR regulations, ensuring that all personal data is collected, processed, and stored in accordance with EU and UK data protection laws. The company implements stringent policies to safeguard sensitive information.

3. Key GDPR Compliance Areas

3.1 Data Collection & Processing

The company ensures that personal data is collected lawfully, fairly, and transparently. All data processing activities comply with GDPR principles, and user consent is obtained where required.

3.2 Data Storage & Security

Sensitive data is encrypted and stored securely, with restricted access to authorized personnel only. Cloud-based storage solutions comply with industry security standards to prevent breaches.

3.3 Data Subject Rights

Individuals have full rights to access, correct, and delete their personal data as per GDPR requirements. REFAI GROUP UK has a structured process for handling data requests efficiently.

4. Security Measures & Risk Management

To mitigate data security risks, REFAI GROUP UK has implemented the following measures:

- Multi-factor authentication (MFA) for all internal systems.
- Regular cybersecurity audits and vulnerability assessments.
- Employee training on data protection best practices.

5. Incident Response & Data Breach Management

The company has a robust incident response plan to handle potential data breaches. Any unauthorized access or data loss is reported to the relevant authorities within 72 hours, as mandated by GDPR.

6. Conclusion & Recommendations

REFAI GROUP UK maintains a high level of GDPR compliance and data security. To further enhance protection, continuous monitoring and
